SUMMARY

Data Analyst with 3 years of experience in designing, developing, and optimizing data visualization solutions. Proficient in utilizing Power BI, SQL, Data Modeling, DAX and Power Query for data transformations, analysis and reporting. Created and maintained Power BI reports and dashboards, **driving a 30% increase** in operational efficiency through data-driven insights.

CORE COMPETENCIES

- Power BI Development & Data Visualization
- Data Modeling & ETL Processes
- DAX (Data Analysis Expressions) & Power Query
- Data Integration & Reporting Automation
- SQL & Database Management
- Business Requirements Analysis
- Stakeholder Communication & Collaboration
- Performance Tuning & Optimization
- Data Analytics & Business Intelligence Best Practice

WORK EXPERIENCE

Data Analyst — *Cognizant Technology Solutions* 05/2022 – Present

- **Designed and developed 15+** interactive Power BI dashboards and reports, achieving a **20%** improvement in the visibility of key business metrics across HR, Finance, Sales, and Operations domains.
- **Built** robust and efficient data models using **Power Query (M)** and **DAX**, handling processed datasets with up to **10 million+** rows and improving report load times by an average of **30%**.
- **Transformed** complex raw datasets into **50+** critical KPIs and actionable business insights, driving a **10%** increase in departmental efficiency.
- **Collaborated** with **4** cross-functional teams (business analysts, data engineers, stakeholders), to reduce report development cycle time by **15%** by streamlining requirement gathering and iterative design feedback.
- **Implemented Row-Level Security (RLS)** across **10+** sensitive reports, restricting access based on role/geography and achieving **100%** compliance with data confidentiality standards.
- **Scheduled** and maintained data refresh cycles for over **25** datasets using Power BI Service, reducing average refresh failures by 50% and ensuring timely data availability via gateway configuration and incremental refresh.
- **Integrated** Power BI with **5+** key data sources (SQL Server, Azure SQL, SharePoint, Excel), automating data pipelines and cutting manual data preparation time by **25%**.
- **Provided** training and ongoing support to **50+** end users across 3 major departments, leading to a **30%** increase in self-service BI adoption and a **20%** reduction in ad-hoc reporting requests.
- **Collaborated** with QA teams for rigorous report validation and UAT on **20+** major dashboard releases, achieving a **98%** data accuracy rate and minimizing post-deployment issues by **40%**.

SKILLS

- **Programming Languages:** Python, SQL
- **BI Tools:** Power BI Desktop, Power BI Service, Tableau, Excel
- **Databases:** MySQL, SQL Server, PostgreSQL, Snowflake, Amazon Redshift
- **Data Analytics:** Data Wrangling, Statistics, Data Modeling, Star/Snowflake Schema, ETL Processes, DAX, Power Query, Power BI Embedded, RLS, OLS, Dashboarding, Reporting
- **Libraries:** NumPy, Pandas, Matplotlib, Seaborn
- **Project Management Tools:** Atlassian JIRA, Confluence
- **CI/CD Tools:** GitLab, GitHub, Bitbucket

CERTIFICATIONS

- Microsoft Certified Power BI Data Analyst Associate - Microsoft
- Python for Everybody Specialization - University of Michigan
- Deloitte Data Analytics Job Simulation - Forage

PROJECTS

BrewMetrics: Café Performance & Customer Experience Analytics

BrewHaven Cafés (Regional Coffee Chain, Washington)

- **Integrated Google Reviews API** with sales data, **analyzing** over 1000+ customer reviews to develop **customer sentiment analysis**.
- **Designed Daypart Intelligence visuals** that identified optimal pricing windows for 10+ seasonal drinks, **resulting** in a **25% increase** in sales for those items during targeted periods.
- **Automated barista performance scoring** by correlating sales data from **500+** transactions daily with shift schedules, **reducing** manual scoring time by **75%** and providing objective performance metrics.
- **Business Impact:** Increased afternoon sales by **27%** through data-driven menu optimization.

EDUCATION

Bachelor of Engineering — Computer Engineering

Pimpri Chinchwad College of Engineering and Research
